

Tube Lamps

SMD LED SUPERBRITE®

- Made of high quality SMD LED, with low light decrease, < 20% lumen loss after 10,000 hours
- Specially designed loop circuit, one LED fail will not affect most of the other LEDs
- PC/AL housing with good heat dissipation, and no heat buildup inside
- G5 socket
- 2KV Surge protector

- Opal or Clear Diffuser
- CRI 80
- Power factor >0.99
- 100-277V
- Color temperature: 4000K, 5000K and 6500K
- 40,000 Hours Rated Lifetime
- Beam angle 120°
- 5 Years Warranty
